ABSTRACT
In the context of efforts to improve the economy of rural communities, the government has set up a village-owned business entity through Government Regulation of the Republic of Indonesia Number 11 of 2021 concerning Village-Owned Enterprises. Village-Owned Enterprises (BUMDes) are legal entities established by villages and/or villages to manage businesses, utilize assets, develop investment and productivity, provide services, and/or provide other types of businesses for the most significant welfare. BUMDes business is an activity in the economic sector and/or public services managed independently by BUMDes and can form a BUMDes Business Unit. BUMDes is a business entity owned by the Village BUM that carries out economic activities and/or public services as a legal entity that carries out the functions and objectives of BUMDes. In the context of developing a BUMDes business based on sharia principles and quality development, on July 16 to 17, 2022, counseling was given on establishing and developing a BUMDes business based on Sharia principles and Quality Development in Pasir Jambu village, Ciwidey Bandung, West Java.

1. Introduction
The state’s economic strength is rooted in the economic strength of the village. Karana village is a minor government structure. Therefore, in the future, BUMDes/BUMDes are believed to be levers of village independence. Village economic development is significant. Village nature development needs to be coordinated by utilizing village government and/or village community initiatives, village economic business potential, natural resources in the village, human resources capable of managing BUMDes, and capital participation from the village government in the form of financing and village assets submitted for management; as part of the BUMDes business.

Given the status as a legal entity, the role of BUMDes/BUMDes together is increasingly important as a consolidator of community products/services, producers of various community needs, community business incubators, public service providers, and various other functions. BUMDes/BUMDes together can contribute to the village’s original income.

Therefore, this BUMDes is very strategic to encourage villages to carry out economic business activities and carry out public service activities to generate added value in order to increase the village’s original income, and the development of the maximum benefit of the economic resources of the Village community.
2. Research Methods
This paper uses normative legal research methods, namely research that examines legal issues from the point of view of legal science in depth against established legal norms. Legal research is a process of finding the rule of law, legal principles, and legal doctrines to answer legal problems.

In this study, the legal issues raised are how to establish and develop BUMDes based on Sharia Principles and Quality Development.

3. Discussion
Law Number 11 Year 2020 concerning Job Creation has affirmed the position of BUMDes as a legal entity established by the Village and/or the Villages to manage businesses, utilize assets, develop investment and productivity, provide services, and/or provide types of businesses; Others for the most excellent welfare of the Village community. With the status as a legal entity, the role of BUMDes/BUMDes together is increasingly important as a consolidator of community products/services, producers of various community needs, community business incubators, public service providers, and various other functions. BUM Desa/BUMDes can contribute to the Village’s original income. Therefore, in the future, BUM Desa/BUMDes are believed to be levers of Village independence.

This Government Regulation serves as the legal basis for establishing and managing BUMDes/BUMDes together as a legal entity whose arrangements are generally adjusted to corporate principles. Still, it places the spirit of kinship and cooperation as the main pillars in managing BUMDes/BUMDes together. For this reason, this Government Regulation stipulates in detail the apparatus of the Joint Village BUM/BUMDes Organization consisting of the Village Consultation/Inter-Village Deliberation, advisors, operational implementers, supervisors, authorities, and duties of each BUM Desa/BUMDes Organizational apparatus together, work procedures and relations between the apparatus of the BUM Desa/BUMDes Organization together, as well as provisions to ensure that the organizational apparatus of the BUM Desa/BUMDes together can carry out their duties and authorities in a professional, efficient and effective, and accountable manner.
